

How To Use "MIRACLE ANIMAL"

For Breeding Water

(First time only) Mix Miracle Animal so as to dilute by 5,000 times (of the volume of breeding water) and let it spread for 3 months.

Standard dilution Ratio – 5,000 (Breeding Water) : 1 (Miracle Animal)						
Water	10ℓ	1t	5t	10t	50t	100t
Miracle•Animal	2ml	200ml	1ℓ	2ℓ	10 ℓ	20ℓ

(Second and subsequent times) Whenever replacing the breeding water, use the 10,000- time Miracle Animal dilution.

10,000 (Breeding Water) : 1 (Miracle Animal)						
Water	10ℓ	1t	5t	10t	50t	100t
Miracle•Animal	1ml	100ml	500ml	1ℓ	5 ℓ	10ℓ

 Tips 1ℓ-bottles of Miracle Animal are useful. Take some water from the pond or fish tank, mix it with Miracle Animal, and put it back in the water. This way, Miracle Animal will spread through the water quickly and evenly.

For Koi Feed

Add the undiluted Miracle Animal liquid to the Koi feed by 2-3% of the carp food.

Feed 100 : Miracle Animal 3						
Feed	50g	100g	500g	1kg	5kg	10kg
Miracle Animal	1.5ml	3ml	15ml	30ml	150ml	300ml

 Tips Add a little water to Miracle Animal and mix it before applying it to the Koi food.
